

Wouldn't you want to go to a party where
you make money, instead of spending it?

Single earrings, broken chains, bracelets & pins...
Mix, Mingle & leave with CA\$H... Everyone WINS!
So get the gang over for a cocktail or two...
the more you invite... the more CA\$H for you!

TESTIMONIALS AND REFERENCES

Dear GOLD TO GREEN PARTIES, LLC,

It has been such a pleasure working with Deb Frank and Gold to Green Parties, LLC! Fundraising in this difficult economic time is daunting, but it was necessary for us to raise funds for the Dedham High School Class of 2010 All Night Graduation Party. Having Gold to Green Parties has been fun and easy, but most importantly profitable for us. To date, DHS Class of 2010 has earned over \$1200.00 from Gold to Green Parties!

Bettie Kilcoyne
DHS Class of 2010 All Night Party Committee

From St. Francis de Sales Parish:

Our experience with Green to Gold was great! We had a Craft Fair as a Fund-Raiser for our Social Club, which is a group that provides activities and trips for the youth and elderly of our Community.

We offered Laurie Souza a table at the Craft Fair for people who brought their gold to be cashed in. We received a percentage. We were utterly amazed when we received our check!

Laurie was very sociable and extremely professional. People were amazed at the amount of money they left with.

Joan Rae, Business Manager
St. Francis de Sales Parish

From the Dedham High School Wrestling Program:

We held a Gold to Green Fundraiser in November, 2009 and have raised almost \$1000.00! It's the simplest fundraiser we have ever held! A complete no-brainer!

Jim Maher
Coach, Dedham High School Wrestling Program

A Party to Benefit Make-A-Wish

My party was better than expected! I had a large holiday open house and people were leaving with significant checks and very happy to say the least! The best part was at the end when Deb Frank came up to me with a check just for hosting! I had no idea! It was very exciting!

I would host them again and again!

Candice Vitukevich

From the Saugus High School Wrestling Program:

A Gold to Green Fundraiser was the simplest fundraiser we have ever held! All you have to do is get the word out and provide the location and then just sit back and wait for your check!

TESTIMONIALS AND REFERENCES

From Hyde Park Youth Hockey:

We held an impromptu Gold to Green Fundraiser in November, 2009 and earned \$620.00 and the only thing we had to do was advertise it throughout our group and provide a place for the Purchasing Representative to sit! How much easier does it get?

Marianne Martin
Hyde Park Youth Hockey

From Dedham High School Boosters Bingo:

The Dedham Boosters has sponsored a Gold table at our weekly Bingo for the last three months. We have already earned over \$1500.00 and are looking forward to more cash again in January! In this tough economy, Gold to Green Parties has provided a service to our BINGO players, while helping us support Dedham's sports programs!

JuJu
DHS Boosters BINGO

From SJV Memorial Fundraiser for CF:

I have hosted two fundraisers with Laurie (GTG) she is great. The first was at a fundraiser I held at a function hall the second was a continuation of the same fundraiser I hosted at my home, both events raised money for the Cystic Fibrosis Center at Children's Hospital Boston.

Laurie is very generous and the referral checks keep coming in! For each person that booked a party after attending my event she offered me a referral fee! The key to a successful event is to advertise early and constant reminders for people to bring their gold to your event. She is very professional, comes prepared with all the tolls/equipment she needs and sends people home with a check! Nothing for you to do except sit back back, relax and cash your check!

Laurie Sulfaro Vertuccio

Q&A

GOLD to GREEN Parties, LLC

Frequently Asked Questions

WHAT WILL YOU PURCHASE?

8K, 10K, 12K, 14K, 18K, 20K, 22K, & 24K gold and platinum jewelry such as rings, chains, bracelets, charms, earrings, pins, gold finger nails and dental gold.

WHAT WON'T YOU PURCHASE?

Silver, watches, lockets, bangle bracelets or class rings that are not stamped are examples of items we may choose not to purchase. If we cannot determine the karat or metal content of a piece we may choose not to purchase it. This does not mean that the item is not real. It just means that we choose not to take the risk of purchasing an item for which we may not be able to recover our costs.

HOW IS THE GOLD TESTED?

A trained representative will weigh and test your items right in front of you using top of the line industry equipment. All of our scales are certified by the Division of Standards for weights & measures and are in compliance with all Federal Trade Regulations.

ARE YOU ABLE TO REMOVE STONES?

If the stones are set on prongs and we are confident we can remove them without damage to the stone then we are happy to do this for you. We are not jewelers and are not responsible for damage to any stones we remove. You are welcome to use our equipment to try to remove the stones yourself. We will buy the jewelry with stones, however our price is based solely on the value of the gold.

WILL I BE PAID A COMPETITIVE PRICE?

YES! We base our prices on the current market value of gold on the day of your party. Like the rest of the stock market, the price of gold changes by the minute. Before we leave for your party, we use the current or closing market spot value to determine the amount we offer. We often pride ourselves in being able to offer the same (and often times more) for your gold than a jewelry store, pawn shop or internet site. You'll be pleasantly surprised to find out what your tired, worn or old jewelry is worth.

DO YOU PAY IN GRAMS, PENNYWEIGHT (DWT) OR OUNCES?

We pay in grams because our scales are certified by the Division of Standards for weights and measures in grams. There are more pennyweights per gram and more grams per troy ounce. The amount you are paid in U.S. Dollars is the same amount whether weighed in pennyweights, grams, or ounces. The price you see on the internet or in the newspaper is the price of 24 karat pure gold, based on the Troy Ounce. The higher the karat of gold, the softer it is. This is why most jewelry is made from 10k-18k rather than 24k, otherwise it is more likely to dent or break. The lower the karat of gold the less pure it is. Troy Ounces weigh more than the regular ounces we are familiar with. We break down the price of your gold by weight in grams and by karat. We are always happy to do any conversions for you.

DO YOU PAY IN CASH?

No, we cannot pay in cash for several reasons: We cannot know in advance how much cash we will need to bring to the party because we cannot know in advance how much gold we will purchase. For safety reasons, we do not want our representatives carrying large amounts of cash to your home. We pay by business check and can provide multiple references upon request.

WHAT HAPPENS TO THE JEWELRY AFTER YOU BUY IT?

It will be melted down by refineries.

Q&A

GOLD to GREEN Parties, LLC

Frequently Asked Questions

IF I DECIDE TO HOST A PARTY WILL I MAKE ANY MONEY?

YES! Our Hostess Rewards program allows the hostess to earn 10% of all the gold sold at the party. Other Hostess Rewards include a \$100 bonus reward for booking your party by a certain date as well as a \$50 reward for any referrals that book a party with us. Minimum total party sales must be equal to or greater than \$1000 to qualify for the HOSTESS REWARDS program.

IF THE HOSTESS MAKES A COMMISSION WILL I MAKE LESS?

NO! All guests will be paid the same amount, whether attending a party or requesting at a private appointment.

DO YOU DO FUNDRAISERS?

YES! A GOLD to GREEN Parties LLC. fundraiser is a great way to raise quick and easy money for your charity or organization. The fundraiser earns 15% of all the gold sold and the attendees get to leave with money instead of feeling obligated to spend it! Minimum total sales must be equal to or greater than \$1000 to qualify for the HOSTESS REWARDS program.

WHAT ARE THE BENEFITS OF HOSTING A GOLD PARTY?

A GOLD to GREEN Party is a great way to socialize with your friends and family and sell your unwanted gold in a safe environment with people you know. We do not barter like a jewelry store or pawn shop! We pay the same price per weight and karat to all of your guests, and there is never any pressure to sell. If you host a party you can earn money while your guests earn money... It's a win/win for everyone!

HOW CAN I MAKE SURE MY PARTY IS A SUCCESS?

There is no particular date or time that works better than others. Remember that about 25% of the guests you invite will actually attend so invite as many friends, family, coworkers and neighbors that you can think of. It is best to send your invitations about 2 weeks prior to your party and to follow up with a personal phone call. When you follow up with a phone call you can explain the party concept, explain to your guests that you need an estimated head count so you'll know how much food and beverages to provide and explain that you need to let us know how many representatives we will need to send to your home. Most hosts can earn \$500 - \$1000 if they are able to confirm 15 or more guests will attend. Remember that the more gold sold, the more money you will make!
